Product Descriptions

30 Words

Powerful AV Line M4250 switches now in a desktop form factor. Simplify your AV multicast deployments with automatic multi-switch configuration and easy, profile-based setups for conference rooms, mobile studios, and more.

100+ Words

Powerful AV Line M4250 switches, now in a desktop form factor. Simplify your AV multicast deployments with NETGEAR IGMP Plus™ for out-of-the-box functionality for your conference rooms, mobile studios, and more. Automatic multi-switch configuration and profile-based setups make setup a snap allowing you to focus on parts of the installation.

The revolutionary M4250 AV user interface contains pre-configured profiles for all major audio, video, and lighting protocols including: AVB, Dante, Q-SYS, AES67, NVX, AMX, Q-SYS, NDI 4, NDI 5, ZeeVee, Aurora Multimedia, Kramer, Atlona, LibAV, Visionary, SDVoE and others.

Power-over-Ethernet (PoE) functionality allows connection to a range of devices for data and power over a single cable for up to 30 watts per port and a budget of 220W.
